

# After-School STEM Learning for All!

Get a head start on important learning, and have fun doing it.  
 After-school classes run early October up to winter break.  
 Choose from age-appropriate options for ongoing STEM learning:

## Fun With Computers

Grades K-2

A computer playground for kids still learning reading, mouse and keyboard skills.

- Learn basic computer skills
- Early coding exercises
- Team and group play
- Parents welcome!

## Math Team

Grades 4-5 (3 with permission)

For all kids who want to build skills and deepen enthusiasm for math, logic, and problem-solving!

- Share ideas and insights
- Custom explorations
- Five competitions
